Reveal

AN 8-WEEK PERSONAL
TRANSFORMATION PROGRAM

In this pre-recorded 8-week, 6-module journey, packed with high-level personal development tools like neurostrategic coaching, Emotional Freedom Technique (EFT), Gestalt therapy, meditation, tantra, breathwork, neurolinguistic programming (NLP), and more, **you will learn to:**

- + **Realign to your inner wisdom, and use your intuition as a powerful tool to understand your soul's calling more clearly.** This is also the secret to becoming your own best go-to guide, mentor and coach, which is a big part of the journey in this program. When you know how to powerfully coach yourself, you will be able to eliminate doubt, distraction, procrastination, worry, and anything else that gets in your way so you stay on your path.
- + **Reveal your fullest expression, and become a magnetic force of nature.** When you envision your dream life, and you see the "version" of you that's living it, do you ever feel like she's trapped inside you somewhere wanting to break free? When you begin to embrace this fullness of Self, new doors open and magic begins to manifest -- in your professional, personal, and romantic life. You're going to see a massive transformation in Reveal, and feel more expressed than ever.
- + **Discover your unique magic and medicine.** AKA the thing you are put on this planet to DO. Imagine: how amazing it would feel to know your work is in tune with your soul's calling? I believe those of us who are here to be in our fullest expressions are best suited for entrepreneurship, and you can explore growing (or starting) down that path in Reveal.
- + **Embody all that you desire.** Everything in your future vision is just waiting for you to reach out and claim it today. It's time to break free of the trap that you need to "wait" for what you want, and step forward.

BY THE END OF REVEAL, YOU'LL KNOW:

- + **How to coach yourself** through your fears, self doubt, feelings of unworthiness, limiting beliefs, and the patterns that hold you back. You'll tap into your intuition on-command, and become your own best go-to guide, mentor and coach.
- + **Exactly who you are**, what you're here to do, and how to embrace and embody that fullness of Self.
- + **What your unique magic and medicine is**, and how to make a thriving living doing it. Sharing your soul's work with the world, whether through a business or otherwise, is how you will experience the highest levels of abundance and fulfillment in your life.
- + **How to transform your life by embodying all that you desire** — all the freedom, all the adventure, all the connection, all the love, all the pleasure, all the aliveness, all the success.
